APPLICATION FOR 1-d-1 (OPEN-SPACE) AGRICULTURAL USE APPRAISAL FOR

GENERAL INFORMATION: Texas Constitution, Article VIII, Section 1-d-1, and Tax Code, Chapter 23, Subchapter D, provide for appraisal of open-space land.
FILING INSTRUCTIONS: This form must be filed with the appraisal district office in each county in which the property is located. **Do not file this document with the Texas Comptroller of Public Accounts.**

PLEASE COMPLETE APPLICATION IN BLACK INK

PLEASE COMPLETE APPLICATION IN BLACK INK

SECTION 1: Property Owner/Applicant

Phone (Area code & number) _____ Birth Date (if owned by an individual)*: _____
Day and Evening: _____

Driver's License, Personal I.D. Certificate or Social Security Number*: _____
Type: Individual Partnership Corporation
 Other _____ Email Address**: _____

SECTION 2: Authorized Representative
If you are an individual property owner filing this application on your own behalf, skip to Section 3; all other applicants are required to complete Section 2.

Please indicate the basis for your authority to represent the property owner in filing this application:
 Officer of the company General Partner of the company Attorney for property owner
 Agent for tax matters appointed under Tax Code Section 1.111 with completed and signed Form 50-162
 Other and explain basis: _____

Name of Authorized Representative: _____
Driver's License, Personal I.D. Certificate or Social Security Number*: _____
Title of Authorized Representative: _____
Primary Phone Number (area code and number): _____ Email Address**: _____
Mailing Address City, State, ZIP Code: _____

SECTION 3:		
Property Description and Information	Property I.D.	XREF I.D.
	Number of acres for which application is made: _____	

Please circle the appropriate box for "Yes" or "No"

1. Has the ownership of the property changed since January 1 of last year or since the last application was submitted? Yes No
If yes, the new owner must complete all applicable questions in section 4 and, if the land is used to manage wildlife, section 5 must be completed.

2. Last year, were you allowed 1-d-1 appraisal on this property by the chief appraiser of this appraisal district? Yes No
If no, all applicable questions in section 4 must be completed and, if the land is used to manage wildlife, section 5 must be completed.
If yes, complete only those parts of sections 4 and 5 that have changed since the earlier application or any information in sections 4 and 5 requested by the chief appraiser.

3. Is this property located within the corporate limits of a city or town? Yes No

SECTION 4:	1. Describe the current and past agricultural uses of this property as described in Section 3, starting with the current year and working back 5 years or until 5 out of 7 years of agricultural use is shown. Use the agricultural land categories listed in the important information section of this form. Divide the total acreage according to individual uses to which the land is principally devoted. Five years of continuous agricultural use may be required if the land is located within the corporate limits of a city or town.

LEASE INFORMATION

Lessee's name: _____ Telephone No.: _____
Address: _____
City/State/Zip: _____

Price of lease per acre or share split: _____ Lease is (Please circle): Verbal Written

■ If lease is written please attach a copy to this application.
■ If lease is verbal please summarize terms of lease on a separate sheet and attach to this application.

**SECTION 4:
Property Use
(continued)**

2(a). List the livestock, exotic animals or exotic fowl raised or kept or the type of wildlife managed on the property and the number of acres used for each activity. Attach a list if the space is not sufficient.

Livestock/Exotics/Wildlife	Acres	Livestock/Exotics/Wildlife	Acres
example: cattle	48		

2(b). List the number of head of livestock or exotic animals that are raised or kept on the property (average over the year). Attach a list if the space is not sufficient.

Livestock/Exotics/Wildlife	Numbers	Livestock/Exotics/Wildlife	Numbers
example: cattle	20		

3. List the crops grown (including ornamental plants, flowers or grapevines) and the number of acres devoted to each crop. Attach a list if the space is not sufficient.

Crop	Acres	Crop	Acres
example: wheat	200		

4. List participation in any government programs for planting cover crops or land lying idle and the number of acres devoted to each program. Attach a list if the space is not sufficient.

Program	Acres	Program	Acres
example: CRP	100		

5. If the property is now used for any nonagricultural activities, list all nonagricultural uses and the number of acres devoted to each use. Attach a list if the space is not sufficient.

Non-Agricultural	Acres	Non-Agricultural	Acres

**SECTION 5:
Describe Wildlife
Management Use**

1. If you are using the land to manage wildlife, list at least three of the wildlife management practices listed in the description found in Section 4 above in which you manage wildlife.

Do not complete this section if you are not using the land to manage wildlife as permitted by law.

2. Indicate the property's agricultural land use category (described in the important information section of this form) for the tax year preceding the land's conversion to wildlife management use. For example, if the land was categorized as native pasture before conversion to wildlife management, native pasture would be the response as it is the category of use prior to conversion.

3. Does the property have a wildlife management plan that uses the appropriate Texas Parks and Wildlife Department form? Yes No
 If yes, attach the wildlife management plan for the property using the appropriate Texas Parks & Wildlife Department form (obtained at www.tpwd.texas.gov/landwater/land/private/agricultural_land/).
4. Was the land subject to wildlife management a part of a larger tract of land qualified for 1-d-1 or timber land appraisal on January 1 of the previous year? Yes No
5. Is any part of the land subject to wildlife management managed through a wildlife management property association? Yes No
 If yes, please attach a written agreement obligating the owners in the association to perform wildlife management practices necessary to qualify wildlife management land for 1-d-1 appraisal.
6. Is any part of the land located in an area designated by Texas Parks and Wildlife Department as a habitat for an endangered species, a threatened species or a candidate species for listing by as threatened or endangered? Yes No
7. (a) Is the land that is the subject of this application subject to a permit issued under Federal Endangered Species Act Section 7 or 10(a)? Yes No
 (b) If yes, is the land included in a habitat preserve and subject to a conservation easement created under Chapter 183, Texas Natural Resources Code or part of a conservation development under a federally approved habitat conservation plan? Yes No
 If you answer yes to Questions 7(a) and (b), provide evidence of the permit and of the conservation easement or habitat conservation plan. Your application cannot be approved without this evidence.
8. Is the land that is the subject of this application actively used for a conservation or restoration project providing compensation for natural resources damage under one or more of the following laws:
- | | | |
|--|-----|----|
| Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. Section 9601 et seq.) | Yes | No |
| Oil Pollution Act (33 U.S.C. Section 2701 et seq.) | Yes | No |
| Federal Water Pollution Control Act (33 U.S.C. Section 1251 et seq.) | Yes | No |
| Chapter 40, Texas Natural Resources Code | Yes | No |

If yes to any of the above, provide evidence of the conservation easement, deed restriction, or settlement agreement with the Texas Commission on Environmental Quality. Applications without this evidence cannot be approved.

IMPORTANT INFORMATION

GENERAL INFORMATION

Agricultural use includes, but is not limited to, the following activities: (1) cultivating the soil; (2) producing crops for human food, animal feed, or planting seed or for the production of fibers; (3) floriculture, viticulture and horticulture; (4) raising or keeping livestock; (5) raising or keeping exotic animals or fowl for the production of human food or fiber, leather, pelts or other tangible products having a commercial value; (6) planting cover crops or leaving land idle for the purpose of participating in a governmental program provided the land is not used for residential purposes or a purpose inconsistent with agricultural use or leaving the land idle in conjunction with normal crop or livestock rotation procedures; (7) producing or harvesting logs and posts used for construction or repair of fences, pens, barns or other agricultural improvements on adjacent open-space land having the same owner and devoted to a different agricultural use; (8) wildlife management; and (9) beekeeping.

Wildlife management is defined as actively using land that at the time the wildlife-management use began, was appraised as qualified open-space or timberland under Tax Code, Chapter 23, Subchapter D or E, to propagate a sustaining breeding, migrating or wintering population of indigenous wild animals for human use, including food, medicine or recreation, in at least three of the following ways: (1) habitat control; (2) erosion control; (3) predator control; (4) providing supplemental supplies of water; (5) providing supplement supplies of food; (6) providing shelters; and (7) making census counts to determine population.

Wildlife management is also defined as actively using land to protect federally listed endangered species under a federal permit if the land is included in a habitat preserve subject to a conservation easement created under Natural Resources Code Chapter 183 or part of a conservation development under a federally approved habitat conservation plan restricting the use of the land to protect federally listed endangered species or actively using land for a conservation or restoration project under certain federal and state statutes. These two types of wildlife management uses do not require showing a history of agricultural use but do require evidence identified in section 6, questions 7 and 8.

Agricultural land use categories include: (1) irrigated cropland; (2) dry cropland; (3) improved pastureland; (4) native pastureland; (5) orchard; (6) wasteland; (7) timber production; (8) wildlife management; and (9) other categories of land that are typical in the area.

APPLICATION DEADLINES

The completed application must be filed with the chief appraiser before May 1 of the year for which agricultural appraisal is requested. If the application is approved, a new application is not required in later years unless the land ownership changes, eligibility ends or the chief appraiser requests a new application.

A late application may be filed up to midnight the day before the appraisal review board approves appraisal records for the year, which usually occurs in July. If a late application is approved, a penalty will be applied in an amount equal to 10 percent of the difference between the amount of tax imposed on the property and the amount that would be imposed if the property were taxed at market value.

CHIEF APPRAISER ACTIONS

The chief appraiser shall, as soon as practicable but not later than 90 days after the later of the following two dates: date the applicant's land is first eligible for appraisal for 1-d-1 appraisal; or the date the applicant provides the information necessary, make one of the following decisions:

- approve the application and grant agricultural appraisal;
- disapprove it and ask for more information; or
- deny the application.

ADDITIONAL INFORMATION REQUEST

The chief appraiser may disapprove the application and request additional information to evaluate this application. This request must be delivered via a written notice to the applicant as soon as practicable but not later than the 30th day after the application was filed with the appraisal district. The notice must specify the additional information the applicant must provide so the chief appraiser can make a determination. The applicant must provide the additional information not later than the 30th day after the date of the request or the application will be denied. The chief appraiser may extend this deadline for a single period not to exceed 15 days for good cause shown.

DENIED APPLICATIONS

The chief appraiser may deny an application. He or she must notify the applicant in writing not later than the fifth day after the determination by certified mail. It must state and fully explain each reason for the denial. The landowner can file a protest of the denial with the appraisal review board.

DUTY TO NOTIFY AND PENALTIES

The property owner must notify the chief appraiser no later than the April 30 following the change in use or eligibility. A change of land use for all or part of the property will trigger substantial additional tax, commonly called a rollback tax. Payment of a penalty may also be required for failure to notify the chief appraiser of a change in agricultural use or qualification. Notice must be delivered to the chief appraiser if:

- the property stops being used for agriculture (e.g., voluntarily stopped farming);
- category of land use changes (e.g., from dry cropland to irrigated cropland);
- level of use changes (e.g., a substantial increase or decrease the number of cattle raised);
- nature of use changes (e.g., a switch from growing corn to growing ornamental plants);
- property owner enters, leaves or changes governmental programs (e.g., 100 acres placed in a conservation reserve program); or
- the land is used for something other than agriculture (e.g., to build a shopping center on most of the land).

DUTY TO NOTIFY FOR CERTAIN LANDOWNERS

If land ceases to be devoted principally to agricultural use to the degree of intensity generally accepted in the area, open-space appraisal may be retained if the chief appraiser is notified as required and the property owner:

- is a member of the armed services who is deployed or stationed outside of Texas who intends to return the land to the manner and to the degree of intensity that is generally accepted in the area not later than the 180th day after being deployed or stationed outside this state ceases;
- owns land that has previously been under open-space appraisal primarily based on its citrus production; the land is located in a pest management zone; and an agreement was executed to destroy, remove or treat all the citrus trees located on the land that are or could become infested with pests with one of the following: Texas Citrus Pest and Disease Management Corporation, Inc., the Texas Commissioner of Agriculture or the U.S. Department of Agriculture; or
- owns land that has previously been under open-space appraisal primarily on the basis of livestock; the land is located in a temporary quarantine area established during the tax year by the Texas Animal Health Commission for the purpose of regulating the handling of livestock and eradicating ticks or exposure to ticks under Chapter 167, Agriculture Code.
